02

Appliance portfolio

The inventory below establishes the quoted count. Wilson will verify models, serial numbers, filter parts, and access details during onboarding.

APPLIANCE	BRAND / MODEL	LOCATION	QTY	MAINTENANCE FREQUENCY
Refrigerator	Sub-Zero BI-48S	Main Kitchen	1	2 plan visits / year
Icemaker (IMUC)	Scotsman DCE33	Wet Bar	2	2 plan visits / year
Dishwasher	Cove DW2450	Main / Catering Kitchen	3	2 plan visits / year
Other appliance portfolio	Mixed See final inventory	Residence	14	2 plan visits / year

03

Annual pricing

The base-plus structure keeps the published plan simple while accounting for very large equipment portfolios.

Estate Concierge base · first 15 appliances	\$2,995.00
5 additional appliances × \$150.00	\$750.00
Estimated annual total	\$3,745.00

Payment authorization

A secure card is placed on file during enrollment. Wilson charges the card when a scheduled maintenance interval is ready to proceed, not when this proposal is created.

Renewal

The selected maintenance plan renews annually until canceled by the customer.

Scheduling

Wilson maintains the service interval and contacts the household to coordinate access and scheduling.

Service scope

Maintenance covers the agreed inspection and accessible maintenance scope. BBQ / grill cleaning, disassembly unless separately approved, repairs, inaccessible components, unusual materials, and replacement parts outside plan coverage are quoted separately.

Property notes

Final model and filter inventory to be confirmed during onboarding.
